

THE XL COMBER

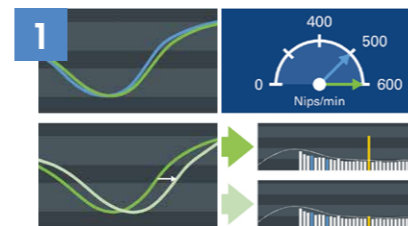

TCO 21XL

TRÜTZSCHLER SPINNING

Productivity booster: The TCO 21XL with 12 heads

The new Trützschler heavy-duty comber maximizes productivity by 50% and saves 25% space – without compromising on quality.

Perfect Quality at high speeds with PIECING OPTIMIZER

ONLINE NOIL MONITORING

Superior quality on 12 heads

Compatible with LTS and trolley

Higher productivity, lower costs

The TCO 21XL works with 12 heads, reducing conversion costs per kg. It offers 50% more productivity while taking up 25% less space.

Consistently high quality

Experience its high performance drafting system and torsions resistant design with DUAL DRIVE and 2TWIN DRIVE.

Optimized for high-speed combing

The PIECING OPTIMIZER self-optimizes the overlapping and acceleration for perfect quality and gentle fiber guidance at high-speeds. No time-consuming laboratory tests are required.

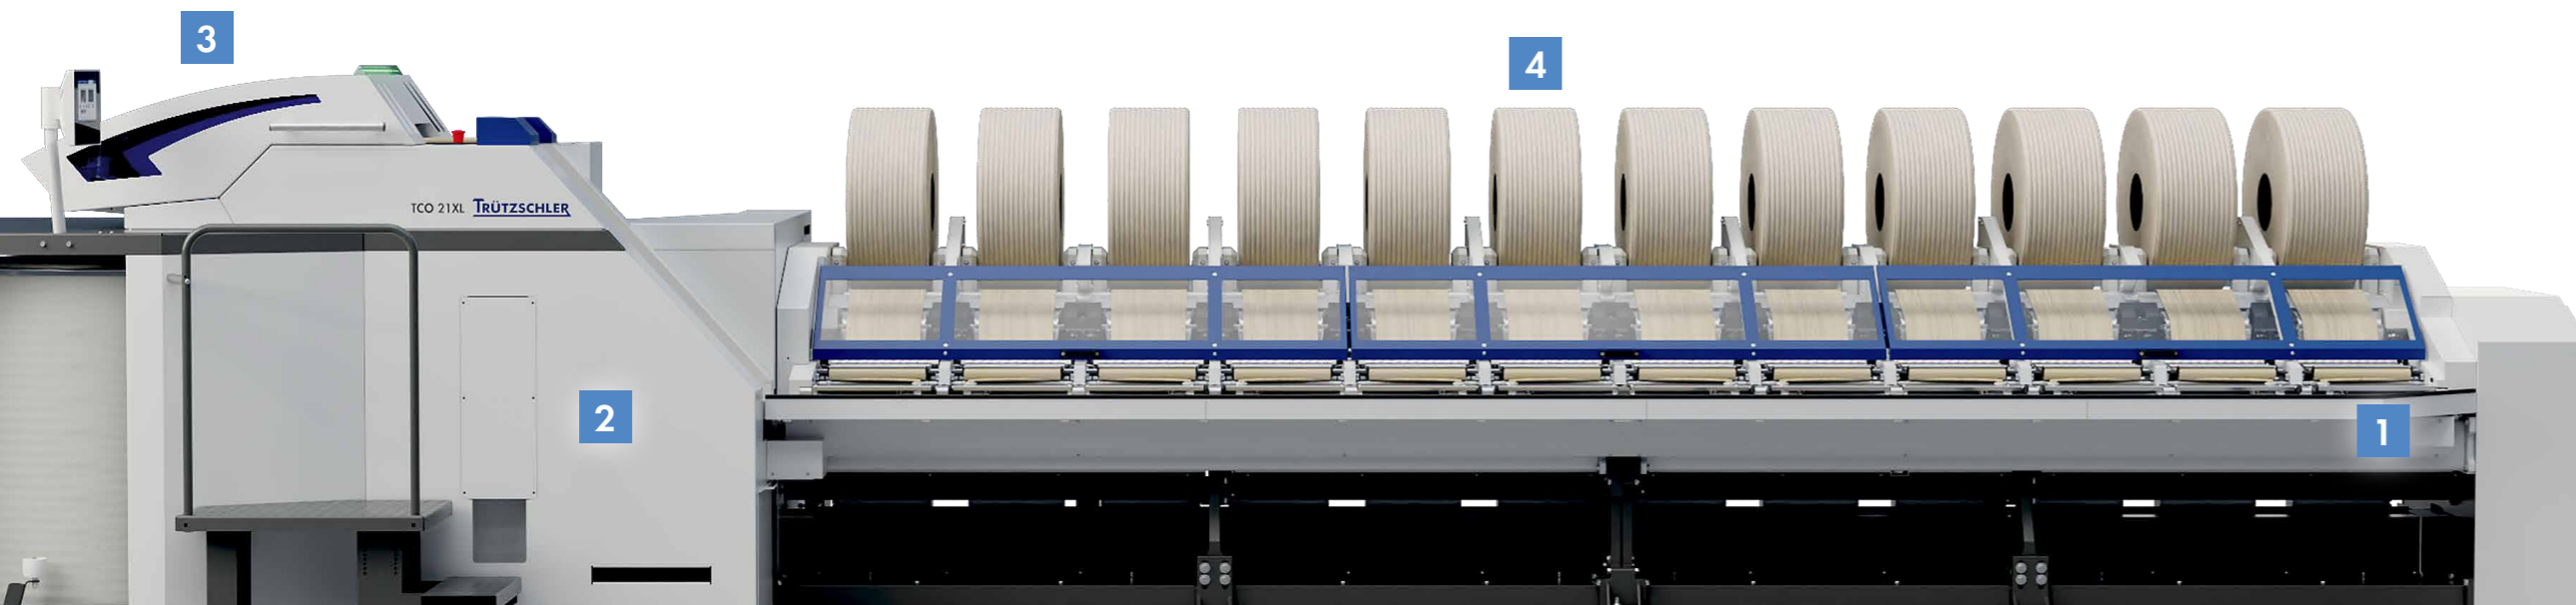

Highest Flexibility to your production requirements

Available as 8 and 12 head

comber

Noil always under control

With ONLINE NOIL MONITORING you have full control over the combing process and the final yarn quality. Save substantial costs for materials and reduce the workload for downstream process steps.
